Table 2: Selected Written Feedback for AAEC 2580E: Applied Microeconomic Principles

| Course Feedback  | Instructor Feedback  |
|--|--|
| <i>Course: What things in this course do you think were done particularly well?</i>  | <i>Instructor: What was done well?</i>   |
| This was the first class I took in my new major, and I feel as if it was the perfect way to start this major and have a glimpse at what would come as I take more classes. | Such a good instructor! I felt like he cared about the question I asked, and was always so helpful with detailed explanations. I couldn't have asked for a better teacher. |
| The problem sets and additional study tools such as videos and lectures were helpful in providing a strong foundation.   | I really appreciate how the professor took the time to provide feedback on all the problem sets and exams so as to provide a study guide for the subsequent material.      |
| He put multiple links for extra help.  | Great instructor always willing to lend a helping hand.  |
| Instructions were clearly given, and due dates and exam dates were provided at the very beginning of the term, allowing me to plan effectively.                            | Considering this was an online, condensed class, I really appreciate the professor's active communication and diligence with grading.                                      |
| The multitude of assignments made learning simple.   | I like how this instructor uploaded summary videos of lectures, despite a few technical difficulties.  |
